1. Identification of the substance/preparation and of the company/undertaking

Identification of the substance or preparation

Aquaseal (115360-X)

Company/undertaking identification

Company name :	R&G Faserverbundwerkstoffe GmbH	
	Composite Technology	
Place :	D-71111 Waldenbuch	
Telephone :	+49-7157-530460	Telefax : +49-7157-530470
e-mail :	info@r-g.de	
Internet :	www.r-g.de	
Inquiry office :	business management	
Emergency telephone :	poison information centre	

Further Information

sealing compound for AQUACORE and AQUAPOUR

2. Hazards identification

Classification

There is no obligatory labelling requirement according to the regulations covering preparations 1999/45/EC. Please observe though the information on this safety data sheet.

3. Composition/information on ingredients

Chemical characterization (preparation)

4. First aid measures

General information

Consult a doctor when complaints persist.

After inhalation

Provide fresh air.

After contact with skin

After contact with skin, wash immediately with soap and plenty of water.

After contact with eyes

Immediately flush eyes with plenty of flowing water for 10 to 15 minutes holding eyelids apart.

After ingestion

Rinse mouth with water. Consult physician.

5. Fire-fighting measures

Additional information

Material itself is not combustible. Extinguishing materials should be selected according to the surrounding area.

6. Accidental release measures

Personal precautions

Provide adequate ventilation. See protective measures under point 7 and 8.

Environmental precautions

No special measures are necessary.

Safety Data Sheet

according to Regulation (EU) No. 1907/2006

Aquaseal (115360-X)

Print date : 21.11.2007

Product code : 115360-X

Page 2 of 4

Methods for cleaning up/taking up

Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).
Treat the assimilated material according to the section on waste disposal.

7. Handling and storage

Handling

Advice on safe handling

Provide adequate room ventilation, if necessary with vapour extraction at the workplace.

Storage

Requirements for storage rooms and vessels

Store product in closed containers.

Advice on storage compatibility

Do not store together with: Oxidizing agents.

Further information on storage conditions

Keep in well sealed receptacles at a cool, dry location.

Storageclass (VCI) : 10-13

8. Exposure controls/personal protection

Exposure limit values

Exposure controls

Protective and hygiene measures

Do not smoke, eat, or drink during work. Keep away from foodstuffs and fodder. Do not breathe in dust.

Hand protection

Protective gloves approved e.g. under EN 374 provide adequate protection against possible skin contact.

At all events the protective glove should be tested for workplace suitability (mechanical resistance, product compatibility, antistatic properties, etc.).

Observe the instructions and information issued by the glove manufacturer on the use, storage, care, and replacement of gloves. Protective gloves should be replaced immediately they are damaged or show initial signs of wear.

The work must be planned so that gloves do not have to be worn at all times. "

Qualified materials: rubber

Eye protection

Wear goggles. (EN 166)

Skin protection

Wear protective clothing.

9. Physical and chemical properties

General information

Physical state : liquid
Colour : blue
Odour : slightly sweetish

Important health, safety and environmental information

Test method

Changes in the physical state

Boiling point : 100 °C
Density : 1,0 g/cm³

Safety Data Sheet

according to Regulation (EU) No. 1907/2006

Aquaseal (115360-X)

Print date : 21.11.2007

Product code : 115360-X

Page 3 of 4

Water solubility : easily soluble.

Other information

solids content: 15 - 25%

10. Stability and reactivity**Conditions to avoid**

Oxidizing agents.

Hazardous decomposition products

no decomposition when stored and handled properly

11. Toxicological information**Empirical data on effects on humans**

Contact with the eyes can cause irritation through mechanical means (dust). Repeated and sustained skin contact can cause demaistrisation and irritation.

12. Ecological information**Further information**

Leakage into the environment must be prevented.

13. Disposal considerations**Advice on disposal**

Waste key numbers are assigned according to the European Waste Catalogue (EWC) depending on the sector and process type.

Contaminated packaging

Packaging must be emptied and transferred to proper disposal in compliance with the legal provisions.. Packaging that cannot be emptied completely must be disposed of after consultation with the local disposal company.

14. Transport information**Land transport (ADR/RID)****Description of the goods**

Not a hazardous material with respect to transportation regulations.

15. Regulatory information**Labelling****Additional advice on labelling**

not classified as dangerous under the hazardous substances laws (GefStoffV)/EC Directives

National regulatory information

Water contaminating class : 1 - slightly water contaminating

16. Other information**Other data**
